The Lisa Ross Parker Foundation is a charitable foundation founded in 2004 by Janet Ross, and operated by Janet and a small group of committed citizens, dedicated to the memory and charitable legacy of Janet's sister, Lisa Ross Parker, whose life was taken at age 33 by leukemia. Lisa's last wishes have been kept alive by Janet, the Ross family and friends of Lisa through the foundation to support the two things that were very important to Lisa:

1. Providing support to patients and their families touched by leukemia, lymphoma and other blood related cancers
2. Assisting animal welfare organizations
